

On August 1, 2007 Green Valley Builders hired Lori Hager to join our team as Selections Coordinator. As our company continues to grow we were in search of someone to fill in the gaps and she was a perfect fit for our needs. Lori has spent the last four years at Ferguson Kitchen, Bath and Lighting Gallery and will make a great transition to our team. Lori's main job will be assisting clients with choices and selections that go into building a home. We look forward to the future with Lori as a part of the GVB Team!
